Seaborne Airlines is proud to announce the launch of 5 new seaplane/ferry connections that will greatly enhance inter-island transportation. Beginning Friday June 1, customers will be able to make one call to arrange their travel needs on the routes listed above.

According to Marcy Heistand, Seaborne's Director of Sales & Service; *"These new connections not only provide one-stop shopping and great connections, but also offers excellent value. The package price is in most cases less than what consumers would pay if they purchased tickets separately – if you include the gratis taxi connection it is definitely less!* Simply put, there's no quicker way to/from St. John! Customers only need to reach Seaborne to book the four routes as well as the St. Croix/St. Thomas seaplane/ferry combination. The new seaplane/ferry combination, called Sea2Sky, will allow passengers to travel for as little as \$110 round trip and stay a bit longer in St. Thomas."

Omer ErSelcuk, Seaborne's President & CEO states; "This is another example of Seaborne working together with established providers to create a better transportation system for all Virgin Islanders. We especially want to thank the companies that stepped to the plate to participate with us, Smith's Ferries, Transportation Services, Varlack Ventures, and VI Sea Trans. This is the first of several exciting new initiatives we are planning for this summer – so stay tuned!"

Service Details:

\* Ferry connections to/from St. John provided by Transportation Services and/or Varlack Ventures. The Departure and arrival are for the downtown Charlotte Amalie ferry. Seaborne is only responsible for cab transportation to/from this location and customers utilizing the Red Hook location must pay their own cab fare. Customers traveling from St. John need to check-in and buy their tickets from St. John to Charlotte Amalie and check-in at Seaborne for the balance of their journey. Except for Corporate tickets which are

handled at time of purchase, tickets purchased from St. John are less than those from San Juan and St. Croix for this purpose.

^ Road Town and West End Tortola ferry connections provided by Smith's Ferry Services with departures from the Charlotte Amalie Ferry Terminal. Customers must travel with a valid US Passport.

+ One-way seaplane and one-way ferry. Ferry service provided by Aquatic Management, DBAVI Sea Trans. Children travel for \$10 off.
